FLOOD DAMAGED VEHICLES EX BRISBANE

A number of our vehicles in undelivered stock suffered damage during the recent cyclonic flooding in Brisbane. They were consequently unsaleable as new vehicles and were disposed of by auction on the instructions of the Insurance Company.

These vehicles are, therefore, not covered by our Warranty terms and appropriate action should be taken by your Sales and Service Departments to advise any purchasers who contact your organisation.

It is known that these vehicles have been purchased by motor traders in States other than Queensland and it is therefore suggested that copies of the following list of Serial Numbers be held by your Claims and Reception Sections as any claims inadvertantly submitted on these vehicles will be rejected in our processing system.

DICK.—
